OUR SCHOOL

Created in 1971, the Cégep de Trois-Rivières French School continues to serve people who want to learn, discover, and improve their knowledge of the French language. In a pleasant, motivating and safe environment, we offer dynamic training tailored to the needs of the students. Our team of passionate teachers and activity leaders is competent, experienced and dedicated to the success of our students.

Our intensive five-week French immersion program is open to young people between the ages of 15 and 18. Students attend French classes in the morning and various activities in the afternoon. A stay in the Province of Québec, tours around the Mauricie region and encounters with our people also provide the students with a great deal of knowledge about the French language and the Quebecois culture.

This program is accessible two ways:

- *Explore* is a bursary program that is offered to Canadian students with any skill level in French. *Explore* participants are awarded a bursary (taxable income) that covers tuition fees for the course, instructional materials, meals, and accommodation.
- For non-eligible students, it is possible to participate by registering directly on our website.

In 2022, the program will be held from July 5th to August 5th.

Emergency calls

An emergency number will be provided to the students and their parents a few days before their arrival. This number will be reachable 24/7. If there is no answer, relatives can also leave a voice or text message 24/7 and will be called back as soon as possible. Also, a valid phone number must be provided in order to contact parents or an adult relative during the program. This is mandatory.

Medical Assistance

The program coordinator and the activity leaders are always on campus; they can provide help to students in need of medical assistance. All staff members keep their first-aid/CPR certification up to date.

CLASSES AND ACTIVITIES

Classes

Classes are held Monday through Friday in the morning. We support the action-oriented approach in our teaching, which focuses on increasing the students' functional proficiency as well as grammar. We work on various projects and activities in the classroom in order to create a motivating learning experience where the students "learn by doing".

Before grouping the students, their French knowledge is evaluated by placement tests in order to determine which level they will be assigned to (beginner to advanced – A1 to C1). Groups count an average of 20 students. Upon completing the program, each participant receives a Training Certificate of French as second language.

Please note that this program does NOT grant legitimate high school or university credits. At the end of the program, the students will receive a transcript detailing the course they were placed in. It is the students' responsibility to send this transcript to their university/school. The university or school will then decide whether to credit the course or not.

Activities

The program includes a variety of sports and sociocultural activities. Students will have the opportunity to visit Trois-Rivières and its surroundings, our famous Parc de la Mauricie, our popular music festival, and much more. **Due to circumstances beyond our control, certain changes to our schedule may be made without notice.**

Students will also receive a complete list of **optional** outings and activities offered at an extra cost.

Such activities include two weekend trips to Quebec's capital and its metropole. We offer a unique opportunity to take part in a camping trip in Quebec City. Discover one of North America's oldest settling site, explore the city day and night, camp on a hill and enjoy a full day at the Village Vacances Valcartier waterpark. Another popular weekend trip takes you to the vibrant city of Montreal. Spend an afternoon and night at La Ronde, the famous amusement park, lodge downtown in a hostel and enjoy plenty of time to discover the city from every angle!

Our outdoors fans and thrill-seekers will be able to experience kayak outings, rafting, via ferrata, rock climbing, and more. Social and cultural activities will include bowling, cinema and nothing less than a Cirque du Soleil show!

Students who wish to sign up will have to send their payment before their arrival (more details to come in May). **Please note that free parallel activities will always be available for those who do not wish to participate in these extra activities.**

Workshops

Students must choose among many workshops so that they have at least one activity after class three days a week. The workshops are mandatory and are an integral part of the program. The students will sign up for these workshops at the beginning of the program (first week).

Special activities

For some activities like a costumed dance or the graduation ceremony, students will be asked to wear appropriate clothing. Although this is not mandatory, it helps make things more enjoyable! Students should bring their own formal clothes and costumes and/or they can also easily buy funny accessories at the nearby dollar store.

Typical day

3.5 hours of class per day + 2 hours of workshops per day = **A total of 100 hours for the five-week program**

FACILITIES

Facilities such as a computer lab, library, cafeteria, gym and fitness center are at the students' disposal throughout the program (on a scheduled basis).

Access to computers and Internet

Students have access to computers and Internet on campus (there is no Wi-Fi connection in the residences).

Services near campus (at a walking distance)

- Dollar store (Giant Tiger);
- Grocery stores (Provigo, Metro and IGA);
- Shopping Center;
- Drugstore (Pharmacie Jean Coutu);
- Medical clinic – Hospital;
- Hardware store (Canadian Tire);
- Church – Sunday Mass (no special permission is required);
- Direct banking services (Desjardins, RBC, BMO, Scotiabank, no TD Bank – students with debit cards from the latter can use Desjardins ATMs for a small fee);
- Many restaurants (including Subway, Thai Zone, McDonald's, etc), and more!

Music instruments

We encourage students to bring their instrument if they want to practice during their stay. Please note that we do not have a piano or music room available, but since apart from our students and staff, the campus will be mostly empty, students will easily find somewhere quiet in the school to practice.

LODGING

Sleeping Arrangements

There are 6 residences. Girls and boys live separately. For every residence on campus there is a permanent on-site supervisor, day and night. Most students share an apartment (3 students/apartment) with the following amenities: a kitchen (cutlery no provided), living room, complete bathroom and 3 private bedrooms. Each student has his/her own bedroom (which can be locked). Other students have a single bedroom equipped with a microwave, refrigerator and desk; they share a complete bathroom with other roommates located on the same floor. **The residences are not air-conditioned.** The College cannot make reservations in advance. Students will be attributed (randomly!) a proper sleeping arrangement upon arrival. **We do not accept special requests of roommates.**

Sheets, pillows, towels, clothes hangers and fans are NOT provided. Therefore, a sufficient supply of these articles is required, as well as all personal hygiene necessities and house cleaning products.

Each student admitted into the residences is entitled to a restful atmosphere, suitable for studying.

The students must:

- Respect order and tranquillity at all times and places;
- Keep their apartment and/or room clean;
- Be responsible for the care of the furniture, equipment and other items made available. If damaged, the occupants must fill in the appropriate coupon and drop it in the corresponding envelope, room HA-1324;
- Use the emergency door only in extreme cases.

The residence's administration representatives and employees are allowed to enter the rented premises in order to verify if they are kept in order or to execute any repairs considered urgent or necessary. Please note that the French Immersion School staff may also enter the facilities to make sure that they are clean and properly maintained, to expel any unwanted visitors, or to apply the curfew rule. **The College will not be held responsible for any loss, destruction or theft of any object left in the residences.**

It is strictly forbidden:

- To possess and/or consume drugs and alcohol; students caught using drugs or alcohol will be sent home without further notice;
- To use the parking lot and the front lawns as a playground;
- To remove the screens and/or windows;
- To keep pets in the buildings;
- To bring any item which is part of the bedding such as pillows, nor any part of the provided furniture outside the room or apartment;
- To smoke in the residences;
- To have visitors in the rooms and/or apartments.

The doors of the residences are to be kept locked at all times (the rooms and apartments should always be locked in the absence of the tenants).

The student is responsible for all damages caused either by neglect or by intent, to the room, the apartment and all furniture therein, even if another person caused the damage. The tenant found guilty of theft, immorality, misconduct or who causes trouble will receive an expulsion notice.

CAFETERIA

Full meals will be served at the cafeteria 3 times a day including a vegetarian menu. In order to ensure that students receive the best service for their personal needs, **they must specify the following on their online medical form:** food allergies and intolerances (lactose, gluten, etc.), food restrictions or if they are vegetarian. Please note that we do NOT offer halal meals.

The first meal is served on Tuesday July 5 (dinner) and the last one will be served on August 5 (breakfast).

Each student and employee must respect the following rules:

- Leave their backpacks / bags at the entrance of the cafeteria.
- Give their name and student number to the person in charge at the cafeteria exit.
- Students must respect quantities for each meal. All extra items are at their own expense.
- One cannot trade one item from a category for one of another category. For example, if you don't take a soup, it doesn't mean you may take 2 desserts!
- Students are not allowed to bring their own plates, knives, forks, spoons for meals, but they can bring plastic/glass containers if needed (ie. for Ramadan).
- Students must help keep the cafeteria clean: throw away your garbage or recycle.
- For weekend meals during the excursions, students will be given a lunch box before departure or an envelope containing \$10.

Thank you very much for your comprehension!

Please note that if you have a special diet (allergies, vegetarian, no pork, etc.), it is your own responsibility to ask the cafeteria staff about the ingredients.

Eating out

All meals are served at the campus cafeteria but are **not mandatory**. Some students choose to buy their own food – whether it is to eat out with their friends, to order delivery (yes, you can!), or just to have breakfast or a quick lunch/dinner in their apartment. Please note that most rooms are equipped with a refrigerator and stove; however, they do not include cutlery of any type (no pots nor pans).

PROGRAM REGULATIONS

Like in any structured program, it is mandatory that students comply with the regulations during their stay.

These rules apply to all students attending the French Immersion Program of the Cégep de Trois-Rivières **at all times**. This means that if a student accepts to attend the program, he or she accepts our policies.

French rule*

The goal of this immersion program is not only to learn the French language but also to enjoy a cultural and social experience in a francophone environment. To achieve this goal, all students must speak **French only**.

The École de français has thus established strict rules to ensure a completely francophone immersion. All members of our staff have the authority to give warnings to the students who do not speak in French. These warnings may be given at any place, any time. After **5 warnings**, the faulty student will be expelled. We understand that some students may find it difficult at the beginning, but they must not despair. Our staff support all students during activities, including weekends.

* This rule also applies to the dorms and during free time.

Alcohol / drug possession or consumption

Alcohol and drug possession and/or consumption are strictly forbidden on campus premises as well as outside campus. In Québec, it is also illegal to go to a bar if you are under 18.

Failure to abide by these rules will automatically lead to expulsion.

Curfew

Students must be in their residence apartment or room by curfew, which is 11PM. Quietness is required after these hours and group activities are strictly forbidden. ***Students who do not respect the curfew may be evicted from the program at their own expense.***

Even though Trois-Rivières is a safe and calm city, ***we advise students never to walk around by themselves*** and to choose to walk on main, lit streets at night. Students who witness anything abnormal must immediately notify the campus representatives and the French immersion school.

Classes and workshops

Attendance to all classes is mandatory. If the student has a valid reason not to be present in class and / or workshops, they must notify the counsellors who will be available from Monday to Friday, 8AM to 4PM, in HA-1312 or by phone at 819 668-5875.

Calls made in a language other than French

The student is authorized to speak another language when communicating with her or his relatives via Skype or on the phone; it is also permitted in a situation of emergency (hospital, police, counsellor). Students may talk on their cellphone or laptop (Skype) in their room or in a quiet room only. Speaking English on the phone / laptop computer in public areas (e.g. cafeteria, lounge) of the College is strictly forbidden. If students do not have a cellphone, they must use a calling card or call collect from our public phones.

Cellphone rules and regulations

The use of the cellphone is forbidden during classes and workshops (including texting!). We recommend the students always bring their cellphone on outings and trips for security purposes. The College does not assume expenses for phone calls. Please note that the program cannot be held responsible in case of loss or theft of personal belongings.

English literature and music

In order to optimize the program's efficiency, English literature is forbidden during the program. English music is tolerated. Students may bring English literature only if it is necessary for school purposes (such as the IB program or other). We must not see these documents; the students will have permission to read them in their room only.

Laptop Computers and Other Electronic Devices

Laptops and electronic devices are permitted but there is no Internet connection in the residences. Students have access to computer labs with Internet on campus. Please note that the program cannot be held responsible in case of loss or theft of any of personal belongings.

Leisure time

Students have some free time in the afternoons and evenings. In their free time, students are allowed to visit the city on their own as long as they come back on time for the curfew. Students are not allowed to stay somewhere overnight unless they have a written permission signed by their parents or an adult relative. (see the section on Special outings below for more information). During weekends, students can enjoy some free time unless they have signed up for optional activities.

Special outings with family or other similar cases

During the program, students may obtain a special permission to leave campus for a weekend outing or to stay somewhere overnight. A written consent from the student's parents or tutor is mandatory and must be sent BEFORE the program starts. Upon reception of the parental consent (by mail, email or fax), the College will then consult the program coordinator in order to obtain a formal approval for this outing. If you need to obtain such a permission, please fill in the parental permission form (write us an email and we will send the form to you).

Student information

All student information is confidential; therefore, we cannot disclose any information pertaining to other students attending the program.

Visitors

For security purposes, no visitors (outside the program) will be tolerated on campus or in the residences.
